1. At its 310th Session (March 2011), the Governing Body decided to request the Director-General to send a high-level tripartite mission to the Bolivarian Republic of Venezuela to address all the issues before the Governing Body related to Case No. 2254, as well as technical cooperation matters. As a result of that decision, the procedure filed under article 26 of the ILO Constitution in June 2004 would be closed.
2. The Governing Body had decided that the high-level tripartite mission would take place by February 2013. However, and taking into account the willingness of the Government to receive the mission, following consultations with the Officers of the Governing Body and on account of unresolved matters that are beyond the control of the parties, it has been decided that the high-level tripartite mission will be postponed to a date to be duly agreed upon by the parties.
3. The Director-General will present a full report of the high-level tripartite mission to the Governing Body, once the mission has concluded its work.
